President Makes Visit To Albany

Cold Drizzle As President Arrives In Home Territory Of Gov. Dewey

TO SPEAK TONIGHT AT BUFFALO, N. Y.

By ROBERT G. NIXON
(U. S. Staff Correspondent)
ALBANY, N. Y., Oct. 8.—A cold drizzle but a warm reception greeted President Truman this morning as he campaigned in the home territory of his Republican opponent, Gov. Thomas E. Dewey.

The first rain of his several weeks campaigning was falling as the presidential special pulled into a Hudson river siding shortly before 8:30 o'clock.

A banner-waving cheering crowd of several thousand was on hand to see the president and hear him assail the Republican leadership in the congress.

Democratic Weather

Mr. Truman, observing the rain-coated, umbrella-carrying crowd and the cold, steady drizzle, cracked: "This is the first real Democratic weather we have had."

The president told the station crowd not to let themselves "be bamboozled into another depression" by the Republicans.

"Are we going to keep our present prosperity or be bamboozled into another depression?"

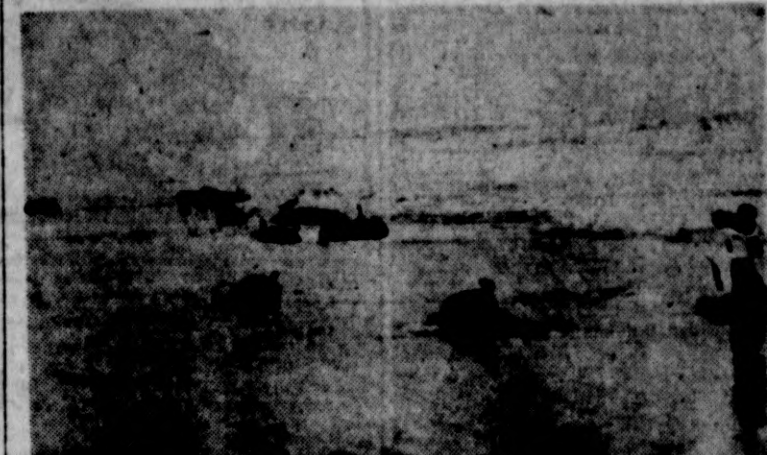

Then he admonished his listeners not "to upset the apple cart of prosperity in November."

Police estimated the crowd at around 3,000.

Among these were state employees who had been let out of work on orders of Governor Dewey who is at his home at Pawling.

The president's Albany speech was the first of 14 scheduled for today. He makes a major address tonight in Buffalo, before hurrying back to Washington for a Saturday conference with Secretary of State Marshall.

Whales Trapped On Southern Beach

On the beach at St. Augustine lie some of the 44 pilot whales trapped by a tide which went out to sea too quickly and by their leader which led them to their doom. The largest whale was 19 feet two inches long and weighed over two tons. Two of the smaller whales were taken to Marineland, Florida, for observation.

Whale Steaks On Menus At St. Augustine Today

ST. AUGUSTINE, Fla., Oct. 8.—(INS)—Whale steaks are on the menu today for many a person in St. Augustine following a "suicide" swim of 48 behemoths of the sea. The 48 whales wallowed ashore yesterday during an abnormally low tide and swam back when fishermen towed them out to sea.

A crowd of 3,000 fascinated spectators gathered at the beach and with knives, hammers and saws sliced off tails, gouged out eyes and peeled off skin.

Two of the whales were taken to the Marine Studios Aquarium in St. Augustine; 45 others are now dead and the final one is thrashing in the surf but is not going out to sea.

Observers say the huge sea mammals may have reached the beach through a follow-the-leader instinct. Others claim that the hurricane-ridden waters may have forced sand into the whales' lungs.

The whale range from seven to fourteen feet in length and weigh from a quarter to a half ton each.

(BULLETIN)
TEL AVIV, Oct. 8.—(INS)—Egyptian planes reportedly bombed and strafed a United Nations truce team, led by U. S. Navy Captain P. M. Money today, injuring a number of Jewish bystanders.

The incident was said to have taken place at Gath, a Jewish settlement eight miles north of the Egyptian stronghold of Al Majdal on the Palestine coast.

The truce team was making a two-day check of alleged Egyptian violations of the United Nations cease-fire orders at nearby Jewish villages when four Egyptian planes suddenly attacked.

None of the truce team members was hurt.

U.S. Navy Planning Extensive Maneuvers In Northwest Atlantic

By WILLIAM UMSTEAD
(U. S. Staff Correspondent)
WASHINGTON, Oct. 8.—American warships and planes will begin maneuvers in the northwest Atlantic on Nov. 1 in one of the navy's largest exercises since World War II.

The navy announced today that 65 warships and 30 aircraft squadrons of the Atlantic will take part in the tactical exercises "to explore the limitations and capabilities of fleet operations under cold weather conditions."

Approximately 31,000 naval, marine and army personnel will participate in the exercise, which will continue for three weeks and will be conducted under actual wartime conditions.

An amphibious assault landing will be launched against the navy base at Argentia, Newfoundland, between Nov. 5 and Nov. 8 to climax the operation, first large-scale maneuver since last spring's exercises in the Caribbean.

The navy said that anti-submarine warfare will be heavily stressed throughout the exercises and will be particularly emphasized during the assault on Argentia to evaluate this type of fighting under adverse weather conditions.

A fast aircraft carrier group, slow and fast amphibious convoys, replenishment groups, small carriers with escorting destroyers and other vessels will take part in the north Atlantic maneuvers.

Deny Report Of Anti-Franco Pact

MADRID, Oct. 8.—(INS)—The Spanish foreign ministry asserted today that there is "no truth" in an announcement that exiled Spanish monarchists and Socialists signed an anti-Franco pact.

A spokesman for the Franco government said Spain's charge d'affaires in London has been instructed to protest the announcement made yesterday by the British foreign office.

POLITICIAN IN CHICAGO SLAIN

Murdered On Sidewalk In Front Of Home With Bayonet-Type Weapon

CHICAGO, Oct. 8.—(INS)—A Cook County politician was murdered today with a bayonet-type weapon on the sidewalk in front of his Chicago home.

Police identified the victim as William J. Granata, 42, Republican candidate for circuit court clerk and a ward committeeman.

Dr. Jerry Kearns, coroner's physician, said the GOP candidate had been struck twice from behind. One slash severed his jugular vein and a second wound extended to the base of the brain.

Sheriff Elmer Walsh said he did not know whether gang vengeance might account for the slaying. Granata's brother, Peter, is a state representative.

Granata was found by Nicholas Salm, elevator operator in the apartment building where the victim lived. He said no one was on the street and no automobiles were nearby. Granata died in Menottin Hospital.

Assails Secret Transaction Of Public Business

HARRISBURG, Oct. 8.—(INS)—A tendency of some public officials to transact important public business in secret before holding open sessions to pass resolutions and make appropriations was assailed today by John H. Biddle, retiring president of the PNPA.

He pointed out that the general assembly in 1947 had adopted a law banning behind-the-door meetings and reported it has been of great public service.

"There still is the tendency on the part of some public officials to transact important public business in secret and then meet in public to pass resolutions and make appropriations," Biddle said.

Western Powers Want Berlin Blockade Lifted; Against Limited Truce

(BULLETIN)
PARIS, Oct. 8.—(INS)—Argentine Foreign Minister Bramuglia held a lengthy conference today with Soviet Deputy Foreign Minister Vishinsky on the lifting of Russia's blockade of Berlin.

He is understood to have come away from the hour-long talk with slim hope that the Soviets will agree.

His meeting with Vishinsky was one of a round of sessions he had with interested parties. He evidently canvassed every angle of the Berlin issue with Vishinsky.

Bramuglia, one of the "neutral" security council members working on the Berlin question, later reported on his conversations to the "neutrals" who include five non-permanent council members and China.

No Truce On Berlin

Authoritative quarters said the big three western powers have informed this group that there can be no truce on Berlin.

Representatives of China, Canada, Colombia, Argentina, Syria and Belgium were informed that the westerners want no quibbling about their demand that Russia's blockade be lifted.

They want no strings attached to any agreement. In this connection they pointed out that a (Continued on Page Two)

Col. Henry M. Gross, State Selective Service director, said inductions would be made within the first 20 days of the month due to the holiday season. Physical examinations for determining inductions will be conducted throughout November, he said.

The state's November quota was 636 of the national call for 10,000 men. Gross said the December quota would average 6 men for each of the 175 local boards.

Alger Hiss Files Damage Suit Against Chambers

BALTIMORE, Oct. 8.—(INS)—Alger Hiss, former State Department official, today filed a new \$25,000 damage suit against Whitaker Chambers, senior editor of Time Magazine, who has accused Hiss of being a Communist.

The suit, filed in federal court in Baltimore, charged that Chambers slandered Hiss in a public statement issued Sept. 27.

Chambers' statement followed an original \$50,000 damage suit filed by Hiss in which he declared that he had been defamed by the editor, a self-confessed former Communist.

In testimony before congressional committees, Chambers linked Hiss to a wartime Communist spy ring. Hiss has denied the charges.

Completing Plans For Governor Dewey's Visit

Plans for the appearance here of Governor Thomas E. Dewey on Monday, October 11, were well advanced today.

Governor Dewey, Republican candidate for president, will speak for 15 minutes and will be introduced by U. S. Senator Edward Martin. Governor James H. Duff will also be in the party.

Mrs. Dewey To Appear

Mrs. Dewey, wife of the Republican candidate, is accompanying her husband on the trip through the eastern and southern states and will be introduced from the platform of the train.

The train is scheduled to reach Erie, Pa., from Buffalo before before noon and will leave there at 12:05 p. m. The next stop will be Sharon where the train will stop for five minutes, leaving there at 2:12. Security Council To Meet Monday To Discuss Issue

Secretary-General Trygve Lie Confers With Vishinsky On Compromise

SMALLER NATIONS SEEK SETTLEMENT

By PIERRE J. HUSS
(U. S. Staff Correspondent)
PARIS, Oct. 8.—Chairman Juan Bramuglia decided today to call the U. N. Security Council into session to discuss the Berlin deadlock on Monday after Secretary-General Trygve Lie intervened to compromise.

Active behind-the-scenes consultations proceeded throughout the day, after Lie had swung into action. He called Soviet Foreign Minister Andrei Vishinsky into conference soon after the Russians surprisingly had abandoned an attempt to obtain membership for another satellite nation on the U. N. Security Council.

Three Meets

The General Assembly, in plenary session, voted to place Norway, Cuba and Egypt in council seats which become vacant on Jan. 1.

Prior to Lie's summons, Juan Attilio Bramuglia of Argentina, acting chairman of the Security Council, held a long conference with Vishinsky.

Bramuglia canvassed every angle of the Berlin program with the Soviet delegate and was reported to have left the meeting with the hope Russia will accept a compromise and suspend the blockade.

To Seek Compromise

It was understood that Lie summoned Vishinsky to lend the powerful pressure of his important position to efforts by the smaller nations on the Security Council to reach a Berlin compromise.

The understanding is that this would embrace a simultaneous lifting of the Soviet blockade and convening of the Big Four council of foreign ministers.

Such a solution presumably would satisfy both the western (Continued on Page Two)

Support for West

THE U. S. will have a backlog of 2,500 B-29's with which to support the "Western Union" of Europe, according to late figures. The State department is reported preparing to recommend support, probably by treaty. Chart above shows present dispersal of the big bomber force. (International)

limited truce, such as the suggested three-month lifting of the siege, is unsatisfactory.

In effect they told the small powers striving to draft a resolution that the Russians say they will lift the blockade the west will have to take their word for it. The moment the blockade is lifted the west will agree to a conference of big four foreign ministers.

But under no circumstances will the west recognize any truce giving Russia the right to re-impose the blockade and therefore have the westerners negotiating under duress.

Pay for being a patrolman in New York City is \$2,400 for the first two years, \$3,600 the third year and \$3,600 after three years. They also receive a \$750 cost-of-living bonus annually.

SECURITY COUNCIL TO MEET MONDAY TO DISCUSS ISSUE

powers and Soviet Russia. The issue seems to have boiled down to whether the blockade should be lifted before the Big Four meet or vice versa.

Eliminate Blockade First
The western stand is for the first-elimination of the blockade before the Big Four meets. Soviet Russia wants the Big Four conference itself to discuss the Berlin issue.

There are strong indications that none of the smaller Security Council powers wants to sponsor a resolution that would condemn Russia as a peace-breaker for imposing the blockade.

All small power sentiment is directed toward a compromise. Although there were two U. N. plenary sessions, it was a day of behind-the-scenes conferences in the Palais De Chaillot equivalent of "smoke-filled rooms".

Rural Highway Deaths Increase

HARRISBURG, Oct. 8.—(INS)—State police reported today that the 600 deaths on rural Pennsylvania highways during the first nine months of 1948 exceeded fatalities for a similar period last year by 30.

C. M. Wilhelm, 94 persons were killed.
"The margin of improvement over last year has been destroyed by the September slaughter on rural highways," Wilhelm asserted. "Fatalities during that month accounted for a substantial increase over the first nine months of 1947 which saw a new record low, except for the war years. While it is expected that automobile mileage will continue to increase to an all-time high this

year, that cannot excuse the mounting death toll.
"The picture is dark," he added. "However, with three months remaining, it is possible for motorist and pedestrian cooperation to better the record of last year when 876 lives were lost."

To Re-Register Library Cards

Patrons Having Numbers Of A-3000 And A-3000 Must Bring Card Number Up-To-Date

Look at your library card! If it has a number between A-3000 and A-3000 and you have not had it re-registered lately you will soon be receiving a post card reading as follows:
NEW CASTLE FREE PUBLIC LIBRARY

Dear Reader:
Your library card will expire on the date noted below.
As the library continually receives new and interesting books which we feel sure you will want to use, we hope that you will call at the library on or before the expiration date and have your card re-registered. "Every book is a new book until I have read it."

PLEASE BRING THIS CARD WITH YOU.

Sincerely yours,
ALICE M. STERLING,
Librarian.

The expiration of all cards in the A-3000 block means that anyone holding one of the numbers and still living in New Castle may be re-registered with a new card number. The process enables the library to keep a more accurate account of the number of borrowers by eliminating those who may have moved away.

Already many of those who have received expiration notices have visited the library to have their cards re-registered.

being a Communist, to head the Carnegie Foundation.

Opposition to Dulles comes also from those both in Washington and Berlin who are ardent in support of Gen. Lucius Clay's policy of firmness in the German capital. They look on Dulles with dark suspicion.

SMH Dewey's Choice

In spite of all this—perhaps because of it—Dulles remains the choice of his long-time friend for the key foreign policy post. Dulles is in fact Dewey's Secretary of State today. When he flew from Paris this week, it was to give Dewey a complete and thorough briefing on the latest moves before the United Nations, where Dulles serves as a member of the United States delegation.

Among warm admirers of Senator Arthur H. Vandenberg there has been a move to push forward their champion and hero for the much-coveted position. But Vandenberg has persistently said no to the move, invariably stating his belief that Dulles would get the No. 1 cabinet job.

Vandenberg considers it his assignment to keep the bipartisan foreign policy alive in the Senate. He knows that he will have to work with Democrats as well as Republicans and that was the objective of his conciliatory speech of the other evening. Dewey to Dulles to Vandenberg is the likely play when the congressional season opens.

Unpaid Teachers

Appeal To Duff

POTTSVILLE, Pa., Oct. 8.—(INS)—Blythe Township school teachers, unpaid since last March, today looked to Gov. James H. Duff for solution of their problem.

Seven teachers quit their classrooms in the 350-pupil school last Monday to protest the tardy salary checks but nine others have continued to report for duty.

The striking teachers conferred with Schuylkill county commissioners for two hours yesterday at Pottsville and after the officials indicated they lacked authority to proceed announced they would take up the matter with the governor.

Vets Will Handle

Selective Posts

MT. UNION, Pa., Oct. 8.—(INS)—World war veterans will be appointed to vacancies on selective service boards under a new policy of state draft officials.

State Commander of the Veterans of Foreign Wars H. V. Hartman said last night at Mt. Union during dedication of the Blue Juniata Memorial Post that Col. Henry M. Gross, state director, had assured him that veterans of either world war will be selected to fill vacancies on local boards.

as many turkeys as they had last year—there should be no shortage of turkeys this year.

Eastern newspapers speaking about this alleged scarcity of turkeys this year seemingly like to increase the fear of short crops; like to talk about this shortage threatened by the Agricultural Department of the government. They say that those who raised turkeys last year are figuring that it would not pay to raise so many turkeys this year because they didn't make enough money last year, due to high price of feed and lower prices for turkeys. There was no failure of prices in California and in Montana—the two localities, of which I know something.

No Failure Of Corn

Just as there is no failure of corn this year, but last spring the Agricultural Department handed out doleful messages for the purpose of encouraging the government to maintain the high prices guaranteed to all farmers. The Agricultural Department seems bent on encouraging the continuance of great subsidies to farmers—and now look at the corn crop. They will probably harvest the greatest crop ever recorded in the United States. The Agricultural Department is now admitting that it is the second largest, but it is by far the largest crop of corn ever harvested, and it is just so with wheat. When the government, by subsidies, attempted to encourage the farmer to limit the number of acres of wheat he could plant, in Pennsylvania, where very fine wheat was being raised in a comparatively small number of acres, it was absurd, so absurd that good farmers raising wheat just quit and turned their attention to something else. Even subsidies did not encourage them and now they are trying to obtain the farmer vote by not only maintaining great subsidies, but even increasing the amount.

The newspaper stories that have been emanating from Washington wind up by saying: "Thus short supply and higher prices. It's not a case of politics, but old-fashioned economics."

Whoever heard of the Agricultural Department paying any attention to economics? It's "get all you can both in money and in votes" and they are doing their damndest.

sia as a huge bear dressed in military garb and spiked helmet, standing at the eastern Mediterranean crossroads, looking for an opportunity to outwit the west.

Gradually these pictures began to show the British lion in a more bellicose attitude, perhaps garbed in a naval uniform which battleships slung under its heavy arms.

The British and the French came to the conclusion that show of real force, backed up by determination, was sufficient to bring out the innate caution in the Russian character. In any case, it did stop the Russians at the brink of war on more than one occasion.

Proceedings at the Security Council clearly demonstrate that the western powers—this time including the United States—are committed again to the eternal vigilance that their leaders believe is essential to preserve the peace.

ONE MINK WAS MEAN

CHICAGO—Vincent Colletti, a 26-year-old freight handler, could not figure out why anyone would ship one mink in a case of its own while three other cases in the shipment had about 16 minks each. He lifted the case with the lone mink and soon found the answer. Doctors said his bitten hand was not serious.

From the fields of the thrifty farmer with his bumper crop comes the pumpkin, from which come the pies of Fall. The golden pumpkin that blends so well with Fall colors has been a favorite vegetable for pies as long ago as 1630.

The pumpkin in the corn fields of early days was used in making pumpkin butter, and when mixed with corn meal and boiled, it made a fine bread. Pumpkins grow to a large size, sometimes up to 95 pounds, one that size would make a lot of pies. Many of this year's pumpkin crop will go into Jack O' Lanterns that will make the small boy happy on halloween night.

"Free Power" Is Discussed By Babson This Week

By ROGER W. BABSON
(Copyright, 1948, Babson Institute)
NEW BOSTON, N. H., Oct. 5.—Many readers of this column who have seen references in Time Magazine (August 16) and Newsweek (August 23) to my interest in "Gravity", are asking what it all means.

For 40 years I have been giving much study to the writings of Sir Isaac Newton (1642-1727) who was the world's greatest scientist. His Law of Action and Reaction is the basis of the Babson chart which has been such a wonderful guide to me and my clients. His actual library has been moved from his London home to the Babson Institute. Mrs. Babson has one of the world's best collections of Newton's.

Among other laws which Newton discovered were the laws of gravity, upon which our life, health and happiness depend. This free power of gravity now operates in connection with the circulation of our blood, with every step we take, as well as with every heartbeat. We are constantly defying gravity whether walking upstairs, traveling in an airplane or getting high blood pressure. Hence, as Newton's Law of Action and Reaction has been so good to me, I have determined to give time and money to his gravity laws.

Leading Gravity Handicaps
We needed a location for the laboratory which would be 100 per cent safe in case of World War III. Such a location has 12 requirements. (Any reader interested therein will be sent these 12 free on request.) The place which fulfills these is the little town of New Boston, N. H. Here we have bought a building for our experiments directed along three lines. These should get underway by next spring.

(1) The first will be to test the thousands of animal, vegetable and mineral products to see if one of these serves, to any extent to insulate gravity. Every other form of energy—light, heat, noise, electricity and even atomic rays—can be insulated against. But there have been no systematic tests of all these thousands of materials to insulate against gravity carried out in the manner of my friend the late Thomas A. Edison. We fail to find any such insulating material; but if we do find it, it will be one of the world's greatest discoveries. It might provide almost free power everywhere. (Any reader, on request, will be sent gratis a description of how this might take place.)

Accidents and Health
(2) Our second line of endeavor will be to urge hospitals, police departments and insurance companies to keep an accurate record of all accidents from broken hips to auto collisions, noting the date and hour of their happening and how they correlate with the phase of the moon and sun. Newton showed that this force of gravity affects us differently according to the earth's nearness to the moon and sun on different days.

Throughout the centuries people have believed that the moon affects the germination of seeds, the action of livestock, variations in sales and business, and even the health, judgment and habits of humans. Hence the words "lunatic" and "lunatic". Yet no accurate statistical studies have been made to ascertain whether these ideas are imaginary or based upon facts.

(3) Now for the third line of endeavor. This free energy evident in tides, water powers, and in a hundred other ways—is tremendous. But why bother about these indirect and cumbersome ways of using gravity? As this free field of energy is constantly being generated from the terrific fires burning within the planets, why not harness this energy direct? Why burn coal, oil or gas to get electricity? Why not use directly and universally this gravity field of energy which already operated all water powers? Only the lack of

an insulator prevents such use and this brings us back to paragraph (1) above.
We shall also keep records of all gravity experiments by others and encourage those who are now working on similar projects. In short we are prepared to serve as a clearing-house for all gravity research and are determined to be experts thereon. If only in part successful, we will bring to each reader of the column untold personal blessings and through the conservation of coal, oil and gas—reduce the price thereof and make them available for other uses, reducing electric rates to consumers and increasing earnings for utility stockholders.

LAW AGAINST LAW
It's usually the policemen who complain about the conduct of the citizens, but in Lexington, Ky., this is reversed. A group of citizens—electrical contractors—complains that the bluecoats are doing electrical contracting in their spare time and doing it cheaper. The contractors want a law to stop the practice.

Progressive resistance exercises can increase the strength of some poliomyelitis victims as long as 30 years after the disease strikes, according to Dr. Arthur L. Watkins, chief of physical medicine, Massachusetts General hospital.

Urge Efforts To Prevent Fires In Forests Of State

HARRISBURG, Oct. 8.—Secretary Milo F. Dramel of the Department of Forests and Waters announces that, "every effort will be made to make everyone aware of the tremendous losses which result from uncontrolled fire."

Secretary, Dramel points out that, "controlled fire is one of man's best friends, while uncontrolled fire becomes his greatest enemy." Therefore, "it is during fire prevention week that people are urged to stop and take stock of their careless habits and tolerated fire hazards that may lead to personal loss by fire in the future."

He further states that, "during fire prevention week special emphasis is placed on the prevention of all types of fires... and that people should think in terms of fire prevention while observing fire prevention week. Therefore it behooves everyone to take stock of their habits and decide that it is their responsibility to follow some of the simple precautions outlined and in turn assist in the program to prevent forest fires."

Preventing Forest Fires

By following these simple precautions, you will help to prevent forest fires:

1. When burning brush, leaves or other debris during the danger seasons, exercise extreme caution to control your fire—Never burn on dry, windy days—After burning be sure that your fire is dead-out; stir the embers and soak them with water—If in a forested area call the nearest fire tower or forestry office before burning.
2. Never throw lighted cigarettes, cigars, pipe heels or matches from your car—USE YOUR ASH TRAY. If in the forest, scrape a spot clear of leaf litter and heel your butt or pipe ashes.
3. Build your campfire in a safe spot. Be sure it is dead-out before leaving. Stir the embers and DROWN WITH WATER.
4. Never burn trash in or near forest land on DRY, WINDY DAYS. Stay with your fire until it is OUT.
5. Caution your children never to play with fire or matches.

WHO ANNOUNCES BROKEN ENGAGEMENT

"Several of us have had a discussion about broken engagements. One insists that the girl should announce that the impending marriage will not take place. Another says it depends upon the circumstances of the rift—that if it is the girl's fault, the man may make it known that he is no longer engaged to her. Who is right?"

Answer: Just as it is the privilege of the girl's family to announce the engagement, it is likewise up to her and her family to announce its termination.

This is always so regardless of the circumstances—whether the girl has been unfaithful to him—

whether she discovers that she is no longer in love—that she is in love with someone else.

If he is a gentleman, he will make no explanation other than the fact that the engagement is broken. He should make no accusation, offer no reason.

As to the returning of the ring—that point has never been satisfactorily solved from a legal standpoint at least. Usually, however, the girl does return it to her fiancé, especially if she is responsible for the breaking off of diplomatic relations.

If the engagement has advanced to the point where wedding plans have been announced, the girl should send notes explaining that her engagement has been broken. She should then return any wedding gifts received. Her only explanation need be that the engagement has been broken by mutual consent. It is not in good taste for her to go into detail, except possibly to her most intimate friends.

Question: I have always heard that it is not smart to seat a man

and wife together at the dinner table. Does this apply also to the bride and groom at their reception dinner?

Answer: No. A bride and groom may be seated together at any dinner.

Present your problems to Miss Marbel who will promptly send personal replies to questions from readers inclosing stamped, addressed envelopes.

Pulaski Memorial Observance Is Set

HARRISBURG, Oct. 8.—(INS)—October 11 today was designated Pulaski Memorial Day by Gov. James H. Duff to commemorate the death of the great Polish patriot while serving with the Continental Army 169 years ago.

Count Casimir Pulaski was a brigadier general of cavalry who served with General Washington at Valley Forge and organized a force which defended Charleston.

Urge Dismissal Of Morganza Official

PITTSBURGH, Oct. 8.—(INS)—Trustees of Morganza reformatory were urged today to dismiss Assistant Superintendent W. Gordon Wanbaugh.

Leon T. Stern, secretary of the Pennsylvania Committee on Penal Affairs, revealed Thursday in Pittsburgh that John H. Adams, chairman of the western branch of the Penal Affairs committee, had dispatched a telegram to the trustees demanding Wanbaugh's ouster.

The telegram read: "Immediately take the necessary administrative action in regard to Superintendent Wanbaugh. He is a disgrace to the institution and a disgrace to the state."

Barber had recommended Wanbaugh's dismissal after the assistant superintendent admitted striking a 15-year-old boy last June.

House Flies Develop Resistance To DDT

Agriculture Department Scientists Admit Fly Killer Loss Effective Now

WASHINGTON, Oct. 8.—(INS)—Agriculture department scientists admitted today that they have something in common with housewives whose fly-swatting average is below par.

The scientists confessed ruefully that "There is now definite evidence that house flies are developing resistance to DDT in many parts of this country and elsewhere in the world."

Tests were started when reports came from 25 states and from as far away as Egypt—a country that was well acquainted with flies as long ago as Biblical times—that the "wonder" chemical wasn't doing a bang-up job this year.

Since seeing is believing, federal specialists went to the vicinity of Orlando, Fla., where DDT was first tested in this country in 1943. The "wild flies" they collected for testing purposes proved that it takes heavier doses of the chemical over longer periods to kill them. The experts, however, won't admit that they're less canny than a fly.

They say that inadequate sanitation or faulty methods of applying DDT might have been responsible for this season's poor box score. But in any case the heavy artillery is being rolled out.

Insecticides which previously showed promise but were laid aside in favor of the faster-working DDT are being revived. And a whole arsenal of new weapons is being tested in case an effective substitute is necessary in the near future.

St. Paul's Lutheran To Have Dedication

Memorial Dedication October 10,
Centennial Observance
October 17

Preparations have been going on for several months in St. Paul's Lutheran church, Jefferson and Grant streets, preparatory to the one hundredth anniversary of the congregation, which is to be celebrated from Sunday, October 17, to Sunday, October 24, inclusive. The interior of the church has been newly decorated. A beautiful gray carpet now graces the main auditorium of the sanctuary. An electric cross, suspended from the front of the building, illuminates the church at night. A centennial booklet is being printed and will be ready for distribution this Sunday. Rev. O. J. Warnath is pastor of the congregation.

Morning worship Sunday at 10:45 o'clock will be that of a dedication and rededication service. The harvest festival will be observed, and material gifts (canned goods, breakfast cereals) as well as financial gifts are to be brought to God's Temple. These gifts are to be given to the Bethesda Home, Meadville, the Lutheran Orphans Home, Zellenople, and the Epilepsy Home, Rochester, Pa. In the evening at 7:45 o'clock a song service will be led by Thomas Ridley. Motion pictures of the congregation, taken by R. H. Book, will be shown at this service.

To Dedicate Memorials

The following memorials are to be dedicated at the morning worship hour:

Survived from pneumonia, eleven-week-old Irene McDermott, Victoria, British Columbia, is pictured in the arms of her mother, Mrs. Martin McDermott, after their arrival at the Los Angeles Children's Hospital. Pennsy Wreck 'Act Of God' Probers Find

PITTSBURGH, Oct. 8.—(INS)—An "act of God" was blamed today for the wreck of the Pennsylvania Railroad's Fort Pitt train to Chicago Wednesday at suburban Bellevue.

Two crewmen were killed and 18 were injured. Railroad officials said following an investigation Thursday that a rock fall which caused the accident was unpreventable.

Loosened By Rain
A hundred-ton rock fell on the tracks from an adjoining hillside just as the train approached. Recent rains were believed to have loosened the huge boulders.

Killed when one engine of the doubleheader overturned and exploded were Engineer J. G. Lightburn, a veteran of 45 years with the railroad, and his fireman, R. W. Romke, both were of Crestline, O.

In the Idaho State Historical society museum at Boise, Idaho, are displayed fragments of a petrified fern which grew in the Cretaceous Age, 75 million years ago.

Sound is made up of vibrations. If a certain note is sounded near a piano, it will produce a sound of the same key from one of the piano strings, as objects under tension are sensitive to a certain pitch. County Principals Discuss Weaknesses

Better Preparation For High School Students Is Seen.

Lawrence county principals had a special meeting in the office of County Superintendent John C. Syling at the court house Thursday evening, which was not as largely attended as it might, possibly due to the conflict with the P. S. E. A. meeting and county institute.

The topic for discussion was "Weakness of Elementary Schools Entering High School", in which it was brought out that there could be improvement in some of the branches of education. Some of the pupils, it has been found, are not adequately prepared along some lines for the step into higher learning, and these weaknesses should be corrected, it was pointed out.

Subscribers are continuing to receive an improved quality of local service in both dial and manual offices, he said.

Penna BO Members At State Meeting

Auxiliary Attends Banquet At Hotel Hollenden, Cleveland, O.;
Grand President Speaks

Mrs. Emma Probst, president, Mrs. Louise Ridley, vice president, Mrs. W. C. Powers, Mrs. Pearl Duckworth, Mrs. Lila Shaw, of the Penna BO lodge, have returned from Cleveland, where they attended the Ohio state meeting of the auxiliaries to the Brotherhood of Locomotive Firemen and Engineers, on Wednesday.

In the morning there was registration, and the business session. The ritualistic work of the organization was exemplified at the afternoon session.

At 6 in the evening the entire group sat down to a banquet in the Hotel Hollenden. The grand president of the auxiliaries, Mrs. Grace Hatfield, Little Rock, Ark., made an address, and there was also a short address by Mrs. Elizabeth Smith, of Columbus, O., grand secretary-treasurer.

Ward Civic Club Has Annual Banquet

In the dining room of Mahoning Methodist church, members of the Seventh Ward Civic club, and their wives gathered on Thursday evening for their annual banquet.

A sumptuous supper was prepared and served by ladies of the church on tables with Halloween decorations. Manning Weller was toastmaster. Rev. J. L. Petrie, of Mahoning Methodist, gave the invocation.

Preceding and during the repast, Rev. Petrie led the group in song, accompanied by Rev. Howard A. Redmond of Mahoning-Presbyterian church. There were over 50 present.

On behalf of the club, the toastmaster thanked the ladies for providing such a splendid supper; and the banquet committee, Harry Elder, Rev. H. A. Redmond, and John Rozanne, for their splendid work in arranging for the occasion.

Judge W. Walter Braham and Mrs. Braham were introduced, and the judge made a few remarks, saying they were glad to be present with the club on this event. William DeCarbo brought greetings from South Side Board of Trade.

Jacob Wachman, executive vice president of Greater New Castle Association, main speaker of the evening, was introduced. He said he wanted the G.N.C.A. and all other civic organizations in the city to work together. Congratulated the club for selecting Manning Weller as president, as he carried the gospel of good will to the community. Lots of good things have been accomplished by small organizations. The G.N.C.A.

was non-profit making, and fostered and promoted civic, cultural and commercial enterprises in the community. The organization worked for and secured diversified industries here, and are still working to bring others to the community.

Mr. Weller thanked Mr. Wachman for his splendid address.

Health Talks

By DR. W. A. WOMER
City Health Superintendent

EXTRA CURRICULAR
Nowadays when so many G's are going to school, we hear a lot about extra curricular activities. That seems to mean the things they do outside of the regular college course of studies.

It is very important and valuable to learn about history and philosophy and geography and biology and arithmetic and grammar. It is fine to know about theology and law and dentistry and engineering and stenography and art.

If a successful man is asked what the most important thing about a career is, he is very likely to mention good health.

Usually a college course teaches everything else but health. There seem to be so many things to study that health is crowded out.

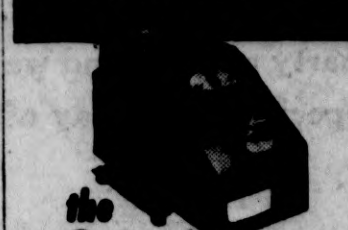

Perhaps it might be helpful to have some simple common sense health problems included in these extra curricular activities.

Indian Place Names Abound In State

HARRISBURG, Oct. 8.—One of the many phrases heard in connection with Pennsylvania is "Land of Infinite Variety and Unlimited Resources". As true as this is today, it was also just as much fact years ago when the Indians roamed, lived and saw the variety of the state.

From the redmen, we have received a heritage in Indian place names in Pennsylvania—names filled with impressive historical importance. No state in the nation is richer in Indian names, or in fact, in Indian history.

Many Hardly Recognized
Many of the names can hardly be recognized as being of Indian origin because of the change from the forms they once had. For example, Salunga is a part of the name Chiquelunga; Toby came from a part of the name Topihanna; Coplay is a derivative of Copecham; Dagus is a part of the name Daguachonda; Yough came from Youghigheny and so on through the list of more than 500 names. Some of the names of places in Pennsylvania may not be of Indian origin at all, but they have been made up of Indian sounds.

The Department of Commerce reveals there are about 10,200 place names in Pennsylvania, not

including names of streams. Of this number about 400 are Indian names, historic or otherwise.

The following counties have Indian names: Allegheny, Erie, Indiana, Juniata, Lackawanna, Lehigh, Lycoming, Montour, Susquehanna, Tioga and Venango. Beaver should possibly be added as its name is a translation of the Indian name Tamake or Amochk, meaning "beaver".

Of the 67 counties in Pennsylvania, only 13 of them do not include one or more townships with names of Indian origin.

Left Behind "Allegheny"
The Allegheny have left behind them a name—Allegheny—their mounds, and little else except a legend that they were wiped out in a war with two invaders from beyond the Mississippi, the Lenape, better known as the Delaware, and the Mengwe, or Iroquois. The two conquerors divided the territory, the Iroquois going to the lake region and the Delawares to the south.

The Delawares were a member of North America's greatest Indian family—the Algonkians. This group was split into clans, the Munsee (wolf), Unami (turtle) and the Unilachtigo (turkey) and occupied the whole basin of the Delaware river. In William Penn's time, their council fire, or capital, was Shackamaxon, near Germantown. Many welcoming overtures were made by them to the white men with the hopes of winning protection from the Iroquois, but in 1720, they fell under the domination of the tribe.

Other Algonkian tribes were the Shawnees who settled on the Susquehanna, and the Mohicans from New York. The chief of the Shawnees signed a treaty with William Penn in 1761 and later these tribes settled with the Munsee.

Iroquois Confederacy
The Iroquois Confederacy consisted of the Mohawks, Cayugas, Oneidas, Onondagas and Senecas. In 1723 the Tuscaroras from the south joined to make the six nations. In their position as "middle men" in the fur trade with the western Indians, as overlords of eastern Indian tribes and as holders of the balance of power between the French and English during the colonial wars, they were an important factor in Pennsylvania history.

The Susquehannocks and Andastes were independent Iroquois tribes who lived along the Susquehanna river. They were attacked by members of the Five Nations Iroquois and were destroyed as a nation in 1654. A few stragglers of the Susquehannock made up the Conestoga Indians who were massacred in 1763.

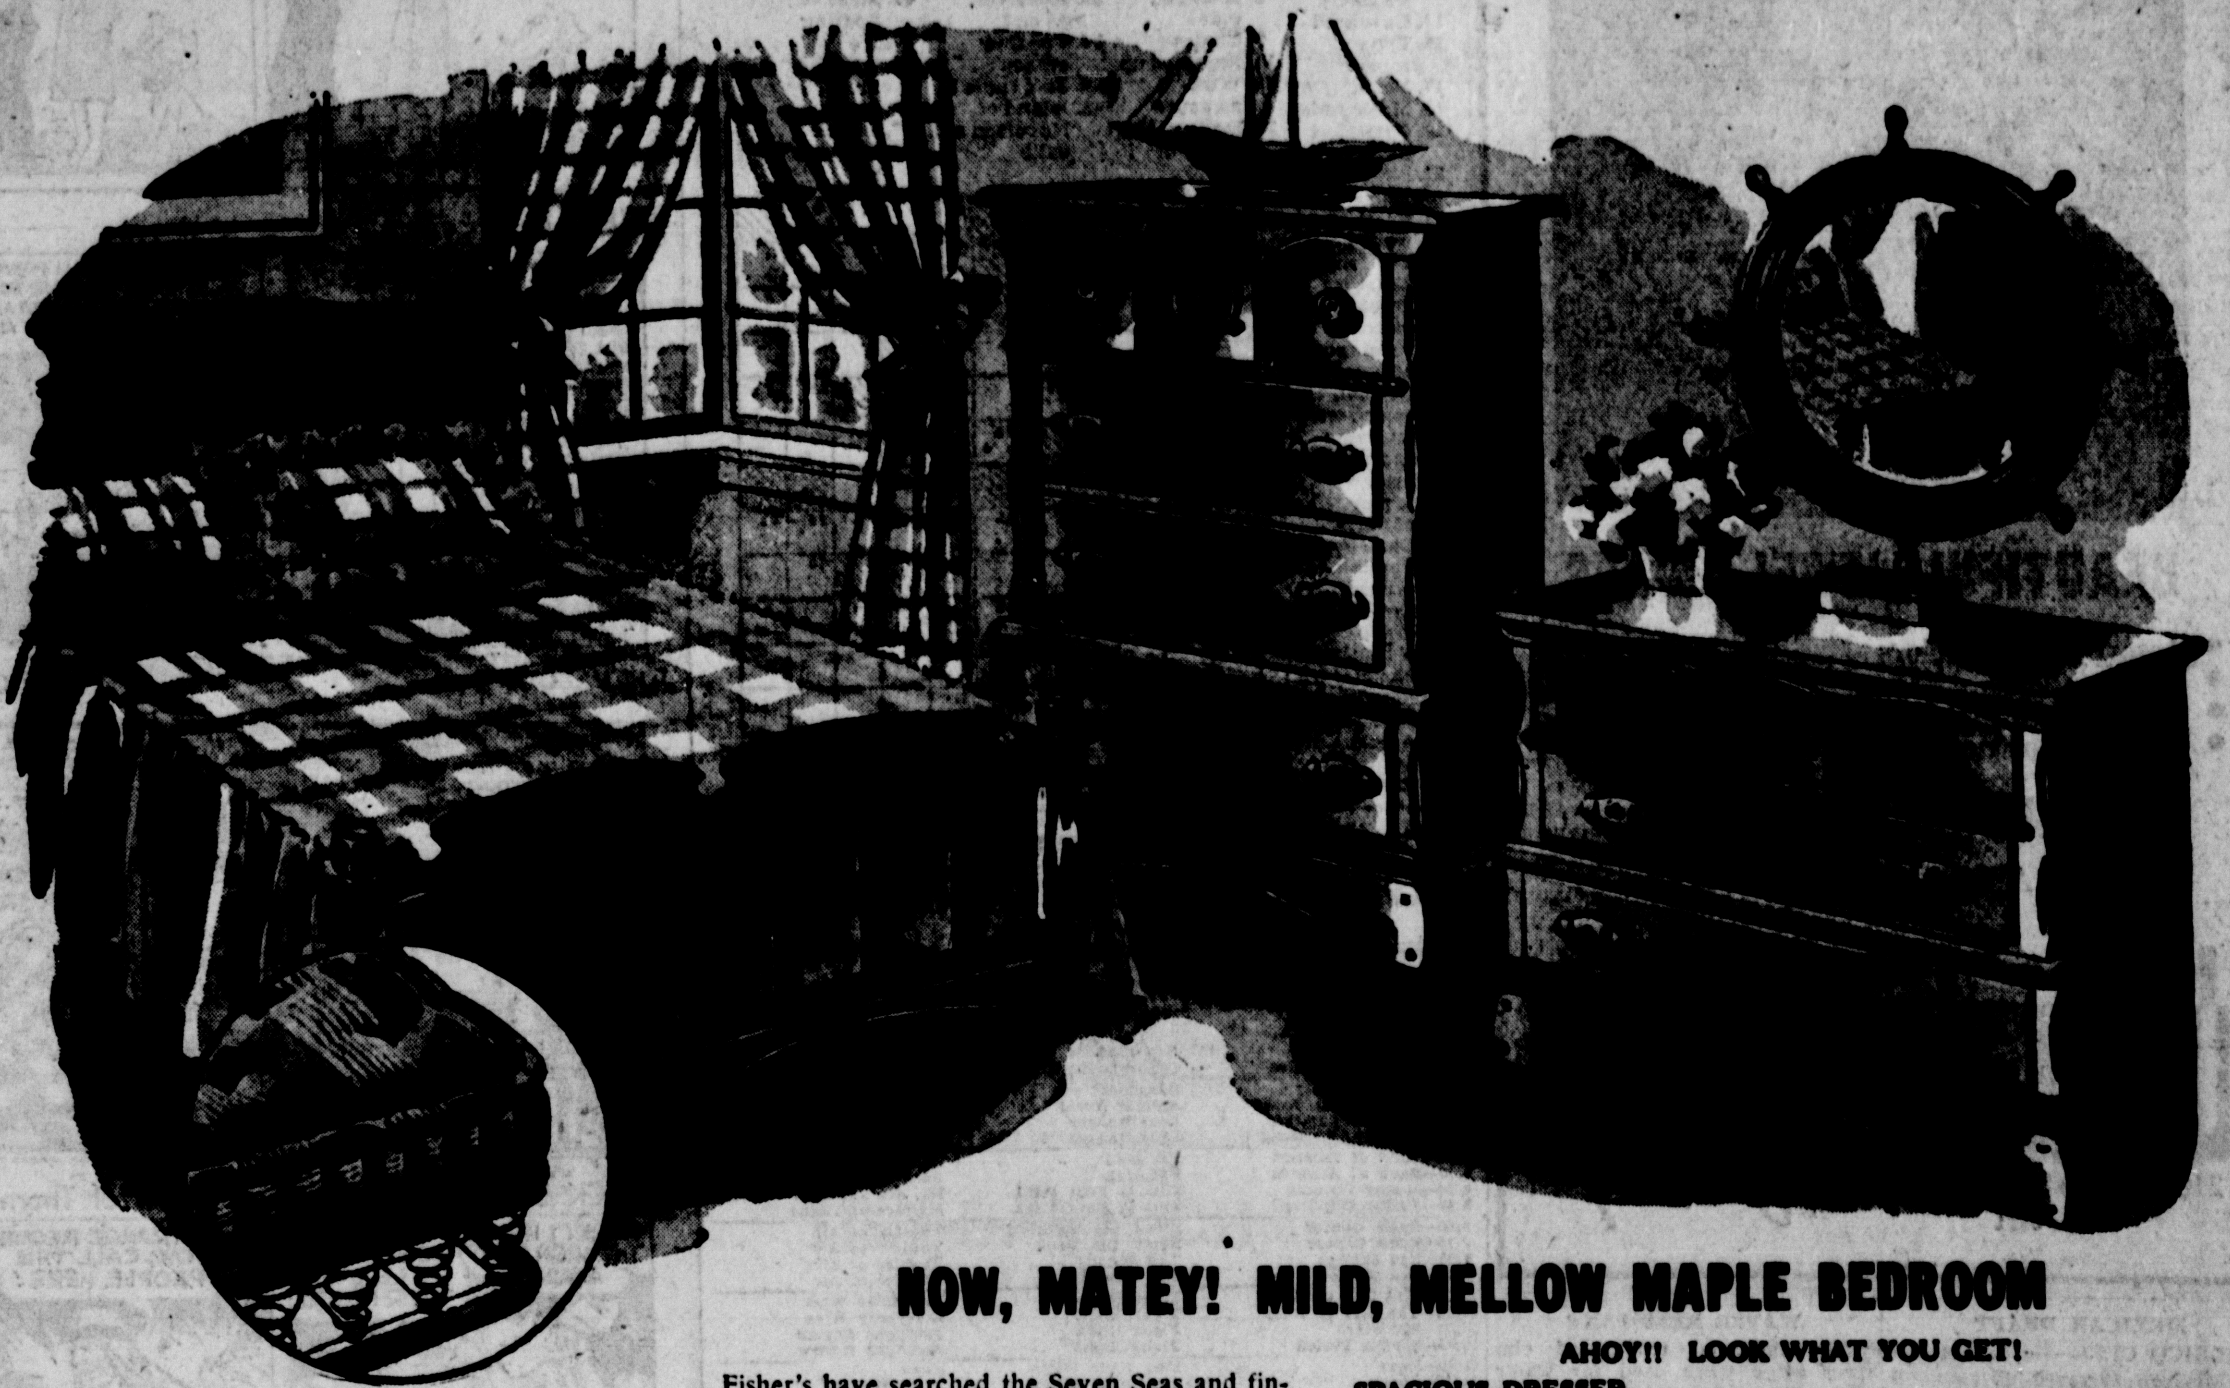

Another independent Iroquoian tribe was the Eries who occupied the south shore of Lake Erie, but were wiped out by the five nations in 1654. A few were absorbed by the Senecas, who used the territory left by the Eries as hunting grounds. Later there were temporary villages of Conoys, Nanticoques, Tutelo, Sapont, Sioux, Chipewas, Mississaugas, Ottawas and Wyandots, mostly located in western Pennsylvania during the 18th century.

Many From Tribal Titles
It is apparent from the above brief resume of the history of Pennsylvania Indians, many names were taken from tribal titles, later to become connected, in whole or in part, with commonwealth cities, townships, streams or mountains.

As the great Algonkian tribes, the Delawares and Shawnees, migrated westward across the mountain ridges from the Delaware and Susquehanna to Ohio, they left behind them a trail sprinkled with blood, as they retreated before the advancing tide of Anglo-Saxon civilization. Time has kindly blotting out the trail of blood, and in its place has put a trail of beautiful names marking the pathway along which the Indians built their villages before vanishing forever from the shadow of the western hills.

Over 4,000 children under the age of 15 were killed in automobile accidents last year.

Tongue Slips By Governor

Results In Amusing Incidents In State Campaign Rallies

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Oct. 8.—(INS)—Gov. Thomas E. Dewey has been overlooked twice by Gov. James H. Duff in slips of the tongue at campaign rallies. . . Duff twice introduced Gov. Earl Warren, of California, as the man who will be the next president of the United States. . . One slip occurred in an introduction of the Republican vice presidential nominee on the steps of the State Capitol. . . The other was noticed when he presented Warren at a rally in Indiana. . . State Capitol workers attending the Harrisburg rally chuckled, remembering Duff's opposition to Dewey at party candidate during the GOP national convention.

During the Harrisburg appearance, Warren gave away one of the tricks of a campaign when he admitted the size of the crowd of 8000 persons assembled to hear him. . . He made reference to the fact that most of them were state employees. Capitol workers generally are released for GOP political meetings during working hours at Harrisburg with the understanding that they will attend. . . President Truman's train, on several stops in the Capital City, was met by crowds composed largely of employees of the auditor generals and state treasurer's departments, the only two controllers by Democrats.

A list of seventeen books and articles on the Roosevelt administration and President Truman has been recommended by the Republican National Committee "as suggested background for Republican workers and veterans". . . They include writings of Gen. Joseph Stilwell, Elliott Roosevelt, Vice Adm. Ross T. McIntyre, White House physician, James F. Byrnes, Cordell Hull, and U. S. Ambassador to Poland Arthur Bliss Lane. . .

The 1949 session of the General Assembly will be confronted with the task of adopting a biennial budget which will be far in excess of the billion-dollar financial blueprint approved in 1947 for the biennium ending next day. . . There have been no pre-session signs that large-scale governmental economies will be ordered indicating the price spiral since the last session's adjournment could force the total up as much as 100 million dollars. An alternative to any sizeable budget increase would be to prune funds which will be needed for continued expansion of vast improvement programs.

The State Capitol newsroom, dirty, dingy and roach-infested place that it is, will be dressed up soon with fluorescent lighting. . . The lighting will throw into sharp relief the pictures which date back to 1895 but which, I doubt, will be longingly sponged off dirt by newsroom supervisor Morris Swartz.

The bittern is a heron. Its feathers can be puffed so as to greatly increase its apparent size. It is a solitary bird, inhabiting reedy and marshy places where it hides during the day, almost allowing itself to be stepped upon before taking wing.

OPPOSITE KROGER'S

Around Hollywood

By SUE BRIGHAM

(International News Service Staff Correspondent)

HOLLYWOOD, Oct. 8.—Kay Kyser is one big radio star who has taken the bull by the horns and isn't going to fight television. "It's here, brother," the former million dollar a year orchestra leader said today, "and we might as well recognize it. From now on radio will be strictly day time entertainment."

"Everybody who has a television set—and one company is putting out 2,000 sets a day—is turning to it at night. Even with bad reception, they're turning to their television. "And that's why I'm turning to daytime radio, for the first time." Yes, chillun, the old professor has laid down his baton and is selling flour five times a week on a morning show—and having a wonderful time.

Big Pay Checks
As for money, he's netting more than he ever did before, when he was receiving a weekly check that looked somewhat like the Marshall plan fund for Europe. Now he doesn't have all those gag writers and musicians to pay.

Kyser drawled: "Another thing. Confidentially,

I got tired of that professor. I didn't want to be the same fellow all the time. Sometimes, believe it or not, I want to say something serious."

Wants To Be Serious
We don't have any difficulty believing that the North Carolina (and he loves that state!) boy wants to be serious at times.

Every time Hollywood wants to raise money for charity and needs somebody who will work and organize, they get Kyser behind the helm. He master-minded the big circus premiere this fall, which all the stars attended.

Kyser is following the same format to a certain extent that he made famous. He still sends his students to college.

Everybody Happy
But there's no prepared script. Everything is spontaneous and

everybody has a good time at the show. If he wants to tell a joke, he tells it—by inspiration, not script.

"People are folksy on daytime shows. They're not critical and fussy. They're out to have a good time. Fat women laugh and joke about their weight, and we all have fun."

There's no orchestra on the show today. But, one woman leaving the broadcast was heard to say: "No orchestra. Well, I declare, I never even noticed that."

EMPTY TOO

Short takes: Esther Williams' bathing suits bring more dough second-hand than they do first hand. The star turns them over to her teen-age nieces, who sell 'em for plenty and then turn the money over to their favorite charities.

The only remaining mark of the old town of American Falls, Id., now inundated by the waters of the American Falls Reservoir, is an old grain elevator protruding out of the water.

Church Of Nine Presidents Now To Be Replaced

WASHINGTON, Oct. 8.—(INS)—The "Church of Nine Presidents" is going to be replaced. Plans to raise \$800,000 to rebuild the famous New York Avenue

Presbyterian Church were announced today.

Among the presidents who worshipped at the church was Abraham Lincoln who became a regular attending member shortly after his inauguration. His pew still is in use.

John Quincy Adams, Andrew Jackson, William Henry Harrison, James K. Polk, Franklin Pierce, James Buchanan, Andrew Johnson and Grover Cleveland also were associated with the church.

HUNGER VS. HEROICS
NEW YORK—A teen-age messenger boy had a chance to be a hero but he was too hungry. The young fellow saw a man sprinting down the street toward him and heard the men pursuing him. "stop thief!" The teen-ager explained he didn't stop the thief because he might have dropped his bag of lunch.

OTHER EVENTS IN COURT HOUSE

Civil court opens in the Lawrence County court house Monday morning, with a list of cases that indicate the term may last the two weeks for which jurors have been called.

A panel of one hundred jurors has been called to serve each week, with the probabilities that about thirty per cent will not serve due to various reasons.

TWO ARE SENTENCED

Two men were sentenced Thursday, each drawing fairly heavy sentences.

Howard Flickner was fined \$1 and costs and got 90 days in the Allegheny County workhouse for aggravated assault and battery. He assaulted Paul J. Kilgore and pleaded guilty.

Harold Darrow, the "uninvited wedding guest" was fined \$1 and costs and drew 1 to 3 years in the western penitentiary for larceny. Darrow attended a wedding in Wampum, without the formality of an invitation and proceeded to make some "hay" while nuptial sun was shining. He stole 4 purses and the contents amounting to about \$175. For the next year he will be a bachelor.

LETTERS TO THE NEWS

(Letters intended for this column must be signed with name and address of writer.)

TOWNSHIP ROADS

Editor News, New Castle, Pa., With reference to your front-page news item, concerning road improvements that have been made in Lawrence County during the

past summer, I am certain that everyone will agree that we should be proud of, and thankful for, a job well done. This road work is real evidence to the Tax-Payer that his Tax-Money, particularly his Road-Tax-Money, is being used rightly and honestly.

The people of North Beaver Township should be proud of their good roads, and I doubt whether there is another township either in Lawrence County or in the whole State, wherein the roads are given such good maintenance.

For this we should thank our good road supervisor, John F. Miller, who certainly has done a good job, not only in the maintenance of old roads, but also in the construction of new roads.

While we have a right to boast about the condition of the roads in North Beaver Township, and in Lawrence County, generally, let us take a look at Lawrence County roads, that have been grossly neglected. In this connection, I have almost all of the roads in Mahoning Township in mind.—No man

can travel through Mahoning Township without feeling that the Tax-Payers are receiving a "dirt deal". Recently the people of Mahoning Township threatened to take their road supervisors into the courts in an attempt to compel them to do something about the deplorable condition of their roads. I still think that something should be done in order to ascertain what happens to the road tax money in Mahoning Township.

Plan Opening Of Chest Drive

Announce Rev. Jas. A. Gaiser To Be Speaker At Kick-Off Dinner Event

DRIVE TO OPEN ON WEDNESDAY

Rev. Jas. A. Gaiser

Rev. James A. Gaiser, pastor of First Methodist church, will be the principal speaker at the kick-off dinner of Community Chest workers next Wednesday evening, Oct. 13.

The dinner will take place at the Cathedral and will begin promptly at 6:30 p. m. Rev. Gaiser recently returned from Europe after making a two-month tour of France, Switzerland, Czechoslovakia, Poland, Germany, Belgium, Holland and England, and will relate his experiences on what he saw in these countries.

It is expected that this will be one of the largest Community Chest "kick-off" meetings held in this city, and upwards of 400 volunteers will gather for the occasion to get final instructions for the drive to secure pledges and subscriptions to meet the quota of \$109,000 for the support of the 13 Red Feather services affiliated with the Chest.

Dignitary to Preside President Paul G. Dingley of the Community Chest board will preside at the dinner and introduce Sidney L. Lockley, general chairman of the drive, who has organized a large group of division leaders and solicitors into 33 separate divisions.

Volunteers will also include representatives from each industry in the city and county. The various industrial unions through their members will participate actively in the campaign.

For the past several years the opening dinner has been donated by long-time supporters of the Chest, so that no expense would be incurred. This year through the generosity of the Universal Sanitary Manufacturing company, the cost of the opening dinner meeting will be paid in full by them.

Fine groundwork for this year's drive has already been laid by Campaign Chairman Mr. Lockley. Some preliminary solicitation has already begun and every effort will be made to carry the campaign through in whirlwind fashion.

New Castle Meets Har-Brack in Class AA Tussle Here Tonight

Har-Brack Will Test "Hurricane"

Indians And Braves Even Going Into Third Game

With an indicated very wet gridiron in prospect, the New Castle High "Red Hurricane" football team will clash this evening at 8 o'clock in a Class AA contest, at Taggart stadium with Har-Brack.

It will be a meeting of two undefeated schools, both possessors of four game winning streaks. Both teams are definitely in the running for the AA title this year. A loss will eliminate one of the schools, and the winner will be crowned champion.

This is the toughest team by far that New Castle has met this year. Coach Phil Bridenbaugh of New Castle and Neil Brown of Har-Brack realize the importance of winning this crucial test.

In Good Condition

New Castle High can field an almost perfect team this evening as far as injuries go, with Harry Thomas, a guard, the only casualty not ready for action. Amen Hassen is returning to left tackle, but may not start it was indicated. Young Don Tate will probably get the starting nod.

Sammy Keyes will be in at right half with Vince Lamorella at left half and Ralph Paolone will handle the fullback post. Earl Sallie is ready to go at blocking quarter.

Good Speed Lines

Both New Castle and Har-Brack have big tough lines. New Castle will be just a bit heavier. New Castle has a weight advantage in the backfield.

Har-Brack has a clever passer in Sewhook, the quarterback. He has tossed several touchdown passes this year.

Both teams will use the single-wing and "T" formations as the coaches call for it. The fans can expect to see some clever ball handling tonight on both sides.

Indicated Sell-Out

Despite weather conditions an indicated crowd of over 13,000 will see the battle here tonight. Har-Brack is sending quite a large delegation here for the game.

General admission seats about 1,000 of them will go on sale at 6:30 o'clock at the north end of the stadium. The reserved seats have just about been sold out, except for the extreme end sections.

Har-Brack won the last game played here between the two schools, 13 to 9, will they repeat tonight?

High Harriers Down Meadville

New Castle High cross country team defeated Meadville High yesterday at Meadville, 30 to 35, with Dave Klingensmith finishing the 2.9 mile course in 13:26 minutes, tied with James Doone of New Castle.

New Castle will go to Penn township for a meet next Thursday, it was announced by Coach Austin Cowmeadow. This is the second win for the local high harriers this year, having defeated Beaver.

Bearden-Bickford Pitching Choices

By DAVIS J. WALSH
(International News Service Staff Writer)

CLEVELAND, Oct. 8.—This non-stop world series, symptomatic of an age gone breathless trying to save time, tried doing it the difficult way today and arrived in town almost in time miss its own party.

This was scheduled for 1 p. m. (EST) at Cleveland's municipal stadium, with the Boston Braves and Cleveland Indians heading the receiving line for the mid-west opening of baseball's annual mardi gras.

Bearden Vs. Bickford

Outside of that, everything was perfectly splendid about this third game of the big grapple which was to give a world-record 85,000 home folks their first view of the Indians in quite a spell. Since, in fact, the latter went east six days ago to take the American league title in a championship play-off with the Red Sox.

Gene Bearden, young 20-game left hander who beat the Red Sox in last Monday's final showdown, was ready to serve his repertoire to the Braves in this third game.

In their extremity, the Braves were calling upon a young man named Vern Bickford to step in and save the day—which only goes to show that things are getting a little desperate.

Warren Spahn Chased Bickford, a hefty gent with plenty of blucy in his delivery, was quite a late-season winner for the Braves, spelling Johnny Sain and Warren Spahn nicely—as, indeed, he'll be doing today.

Spahn went out in less than five innings yesterday, though Boston manager Bill Southworth had a quick thumb, at that. The trouble was that the big left-hander was natural pitching to Cleveland's real power, its right-side strength.

Boston drew first blood yesterday but it was the Boudreauxmen who were to prove the more sanguine.

Lemon Effective

Bob Lemon, who definitely wasn't that, yielded a marker to the Braves in the first frame and was replaced at times the rest of the way, but he was strong enough when it counted and that was enough.

At that Boston-equalled Cleveland's eight hits, a feat the men of Billy the Kid Southworth weren't up to when they won the opener.

Spahn just couldn't, and the Indians right-side showed a particular tendency for his port-side slants. Boudreaux's boys waited till inning number 13 of the

current classic to score but score they did in the person of their youthful leader who carried tally No. 1 across the platter.

Boudreaux opened the frame with a double to right. Gordon lined a hit to left sending the ankle-mineral manager chugging home. Gordon took second on the futile throw in to the plate by Rickert. The flash rode home a few moments later on Doby's base knock to right.

Lemon was given added insurance in the ninth aided by an Alvin Dark miscue, his second of the game and Boston's third. Dark booted Hegan's boulder giving the backdrop a life at first. Lemon moved his battery mate to second with an out and Bob Kennedy bloomed one into center to send the catcher homeward-bound.

Bessemer Clips Darlington 25-0

Cementers Maintain Unblemished Record Before 600 Fans In Drizzling Rain

Bessemer High "Cementers" continued their mastery over district foes by defeating Darlington last night at Bessemer field, 25 to 0. More than 600 fans braved a drizzling rain to see Bessemer score in every period but the second and dominate play throughout.

Coach Ben Ciccones boys drove 55 yards on ground plays for their first six-pointer. Phil Tirratto, Stanley and Pessulo shared ball handling duties from the single wing, and Tirratto, the right half-back, cut through the line from the five for the score.

Penalties hampered Bessemer scoring chances in the second period, but two touchdowns were rung up in the third. Phil Tirratto's pass to Anderson was good for 20 yards to the three. Henry Pessulo scored on the next play through the center to climax the 60-yard march.

Stanley Scores Twice

In the final quarter Shuluga set up the third score by blocking a Darlington punt on the visitors' 25-yard stripe. Charles Stanley, playing left half in place of the injured Schaville, ran through the Darlington secondary from the 25 for the touchdown. Stanley made the score 25 to 0 by running over from the 10 after he, Romeo and D. Tanner had carried the ball from the Darlington 40.

Bessemer made 14 first downs to six for their opponents. Darlington completed seven out of 20 short passes for four of their first downs. Bessemer passed very little, completing one of two attempted for 20 yards.

Zellenople will play at Bessemer next Thursday in an important league game.

CITY LEAGUE TO HOLD BANQUET

Traynor, Hubbard, Smith And Chesnes To Be Speakers Here October 20

City Baseball League will hold its first annual banquet October 20, evening in the Cathedral dining-room. Speakers will include "Pie" Traynor, a once-great third baseman; Chet Smith, sports editor, Pittsburgh Press; Cal Hubbard, American league umpire, and Pitcher Bob Chesnes of the Pirates. Denny Schill, Ellwood City, will be the toastmaster. All city league players will be guests of the league.

The banquet will honor the Universals and the Indies will receive trophies, according to President Len Gilbert, who said that the banquet is open to the public, and tickets will go on sale today. They can be obtained from City loop managers or 1095-M. Reservations for the banquet will close October 16.

The Pitt-West Virginia series began in 1885 when West Virginia won by a score of 8 to 0. Since then, Pitt has won 30, lost 9, and tied 2.

Church Softball Series To Begin

Church softball league championship play begins Saturday at 2 o'clock with a doubleheader at the Colonial field. Third U. P., 1947 champs and second half winner this year, will be pitted against the first half winner, First Baptist.

A pitching duel between the Baptist pitching ace, Dusty Rhodes, and Third's Dale Weisbaker will feature the first game. In the second contest, Manning Weller will go to the mound for the Baptists and either Kenny Meyers or Dinks Lane for their opponents.

If necessary, the third and final game of the series will be played next Saturday at Rose avenue field.

Pete Graham's Condition Good

Pete Graham, Detroit heavyweight, who was knocked out by Billy Pozza, Ellwood City, in the second round in The Arena, Wednesday night, and who sustained a mild concussion, is yet in the New Castle hospital. However, attaches reported his condition as good today.

The evidence seems to indicate that corn originated in Mexico or Central America.

Washington High Defeats Sharon

Monty Brush Tallies Twice For North Hillers At Sharon, Second WPIAL Win

Monty Brush, fleet Washington High halfback crossed the Sharon Junior High goal line twice yesterday as the North Hillers coached by Clark McClelland downed Sharon 13 to 0. It was the second Washington win of the WPIAL season.

Brush tallied in the first period on a 30-yard dash on a spinner play, and again in the third stanza on a line buck from the 5-yard mark, after a fine pass play Bill Broadus to Torrence Rankin good for 20 yards had set up the score. Rankin made good on one extra-point out of two tries.

Washington did not have to punt once in the game yesterday and only punted once against Ellwood City. Sharon never threatened the "Tigers" goal line. Washington's big line held the Sharons in check. Washington will go to Butler next Thursday for another WPIAL contest.

The first importation of sorghum into the United States was from Africa and China.

GROVERS-GENEVA OLASH SATURDAY

GROVE CITY, Pa., Oct. 8.—Grove City hopes of upsetting Geneva in Saturday's clash here were dimmed when the two Crimson T-quarterbacks, Bill Reid and Hal Foster, failed to shake off knee injuries suffered in the 6-6 tie with Dickinson last week. Neither of the juniors who operate the modified T-offense for the Grovers, will be in good shape, although each will be available for limited action.

Southworth, who gave the down-trodden Boston club a pennant after all the years of the Braves' frustration has done one of the all-time greatest jobs in baseball history.

Bears Ready For Big Game Sunday

The Wabash Bears, local strong semi-pro football team, is ready for the 3:30 o'clock clash with the McKeesport Semi-Pros Sunday at the Union High field, Willie Domenick announced today.

The Bears have been working out every night this week. Last Sunday the Bears tied Youngstown, 6-0.

Bob Higgins, Penn State football coach and former all-America end, thinks his two ends, Sam Tamburo, of New Kensington, Pa., and Bob Hicks, of Lancaster, Pa., are among the best in the business.

Shenango Hi Ties Evans City, 6 To 6

Both Teams Score In Second Quarter On Rain-Soaked Field, Shenango Threatens Often

Shenango's "Wildcats" tied Evans City 6 to 6 in a driving rain last night at Evans City. The rain started just before game time and persisted throughout. Backfield operations of both clubs were handicapped by the deluge.

Shenango threatened often but managed to hit paydirt only once. In the first quarter, a sustained drive of 45 yards bogged down on the Evans City 20. Bill Tanner intercepted an Evans City pass and returned it to the 30 to set up Shenango's only score in the second quarter. Allen carried the pigskin over from the 3. Bill Getchy's attempt for the important extra point was not good.

Kennedy Passes For T.D.
Following the next kickoff, Evans City took to the air and netted a quick score. A Kennedy to Crider pass and run play was good for 52 yards to the Shenango 6. Kennedy hit Zingham in the end zone with another aerial to tie the game. The placement attempt was no good.

Shenango kept knocking at the Evans City goal in the last half but could not push it over. Allen turned in a 60-yard run to the Evans City 5 but his effort was called back. In the final period, the Wildcats recovered an Evans City fumble on the Evans City 17. Rain and a stout Evans City defense prevented this break from developing into a winning score.

John Sarbo played a great game for Shenango at his left guard post and Johnny Allen led the ball carriers. Kennedy was best in the Evans City backfield.

Stengel May Get Job With Yankees As New Manager

BOSTON, Oct. 8.—(INS)—Casey Stengel, former major league pilot, is believed to have the inside track today on the managerial job with the New York Yankees.

He had conferred several times lately with Yankee officials and is believed to be the first choice of co-owner Del Webb.

Yankee officials have declined to confirm reports that Stengel or any other of several persons mentioned is a likely successor to Bucky Harris.

Wen Flag This Year
Stengel, one-time manager of the Brooklyn Dodgers and the Boston Braves, led the Oakland club of the Pacific Coast league to the pennant this season. He is regarded as one of the smartest men in baseball.

As far as the Yankee officials have gone is a statement that some one will be named in a few days.

Franklin High Trips Ellwood

Big John Roussos Tallies In First Period From 2-Yard Line, Johnson Sparkles

Sparked by John Roussos, Ralph Johnson and Amodie, the Ben Franklin High "Patriots" opened their WPIAL junior title quest at Ellwood City yesterday, winning 6 to 0. Ellwood City never once threatened the East Siders goal line nor did they get very deep in Franklin territory at all.

Roussos tallied the lone TD in the first period from the 2-yard line after sparking ball carrying by Johnson and Amodie had carried deep into Ellwood territory. Johnson carried the ball 10 times, making 123 yards, and Amodie picked up 73 yards in 10 tries also.

A Franklin pass, Roussos to Amodie, was good for 33 yards at one point in the game. Beahra was the only casualty of the game.

Franklin High has another powerhouse team coached by George Massie and Mid Kerr. Farrell Junior High will be met at the local stadium next Thursday.

Cross Country Meet Saturday

(Special To The News)
NEW WILMINGTON, Oct. 8.—Westminster college's cross country team opens its season here Saturday afternoon against Case of Cleveland. The race starts at 3.

Titan hopes of repeating last year's record of eight wins against one defeat appear slim. Three stars were lost by graduation.

Star of the outfit is Renny Jackson of Erie, known on campus as the "running preacher" since he is preparing for the ministry. Dick Wakefield of Pittsburgh is the only other veteran.

Freshmen are Matt Brown, Jack Kimple, Jim Deighen and Bob Lawrence. Harold Burry is coach. The schedule is: Oct. 9, Case, here; Oct. 16, West Virginia, here; Oct. 21, Gannon, here; Oct. 23, Pitt, here; Oct. 28, Geneva, away; Nov. 1, Slippery Rock, away; Nov. 6, Pitt, away; Nov. 9, Slippery Rock, here; Nov. 13, Bethany, away.

The LaSalle College field house, built when the school had an enrollment of only 300, was considered to have ample seating with a 2000 capacity. Today, however, there are almost that many students at the Olney Heights institution.

Horace Ashenfelter, IC-4A two-mile champion, will spearhead the Penn State cross-country team that Coach Charles (Chick) Werner fields for the season's opening test against New York University, at New York Saturday.

Charley McGilone, LaSalle college mentor, at 29 is one of the youngest major team basketball coaches in the country.

Ellwood Meets Improved Sharon

ELLWOOD CITY, Oct. 8.—Ellwood City "Wolverines", will be seeking their second win of the season, tonight at Lincoln stadium, with the Sharon Tigers, as the opposition in a double A contest, beginning at 8 o'clock.

Coach Dutch Croft has had his boys working all week polishing up the offensive weaknesses that have shown up in two successive Ellwood defeats. Both losses were close games and a little smoother Ellwood attack may put the Lincoln High boys back on the victory trail. Sharon edged the Wolverines 8 to 0 last year and Ellwood is out to avenge that defeat. An Ellwood win would bring its season's average up to the .500 mark.

Bedich Returns
Sharon's Tiger showed signs of coming to life in the 47 to 0 rout by New Castle and Coach Cy James has given his boys some new plays this week in effort to notch the Tiger's first win. George Bedich, veteran senior end and injured in the Sharpville game, has returned to the Sharon line-up. Sharon has several good backs and Coach James has been experimenting with different backfield combinations. Bedich's return and a clicking Sharon backfield may mean plenty of trouble for Ellwood.

Titans, Thiel Clash Saturday

Westminster Squad In Good Physical Condition For Thiel Battle

(Special To The News)
NEW WILMINGTON, Pa., Oct. 8.—A district college grid rivalry which dates back 34 years will be revived Saturday when Westminster invades Greenville for the 38th playing of the series with Thiel.

It was back in 1894 that gridders representing the two schools first clashed. Westminster won by the lopsided tally of 40-0. During the early days of the rivalry the Titans held the upper-hand but starting about 1922 the Thiel boys started to win their share of the games. The tally now stands at 30 wins

for Westminster, 11 for Thiel with six ties.

Outcome Is Toss-Up
Saturday's outcome is definitely a toss-up. Thiel, like other district schools, faced the Titans last year 34-8. This year's Westminster team, as of today, stands head and shoulders above the eleven of last year which was riddled with injuries from the start to end. While the Titans have won one and lost one, Thiel has played only once, defeating Hiram by a one-touchdown margin.

Head Coach Melvin Hetzler of Westminster stated Thursday that every one of his men is in condition. This statement followed a bitterly contested scrimmage be-

tween the first and second teams. The rigid physical conditioning routine which Hetzler followed in early season training is definitely paying off. His boys are not getting hurt.

Westminster will send a delegation of 600 students to Greenville. The kickoff has been announced for 2 p.m.

**Robinson-Belloise
Matched For Fight**

NEW YORK, Oct. 8.—(INS)—Boxing circles buzzed Thursday with the query as to whether the

Tournament of Champions had landed a "turkey" in the signing of Welterweight Champion Ray Robinson and Middleweight Steve Belloise for a 10-round non-title bout at Jersey City December 2. Belloise was held to an eight-round draw Wednesday night by Middleweight Randy Brown at the Westchester county center.

The Tournament of Champions signed Belloise to meet Sugar Ray after a big promotional scramble with the 20th Century Sporting club.

Brown amazed the crowd of 6,000 by forcing the fight and earning the draw. He held Belloise to a close eight-round decision two years ago.
